

LED UK

Egress Surface

The Egress Surface Mounted Spot is a 3W, 3 hour emergency recessed LED. This product produces 180lm of output with the choice of either an open area or corridor optic. The Egress Surface Spot is supplied with a 3000Ah Ni-Cd battery for optimum performance which along with the driver is mounted internally. The LED charge indicator is located within the LED head for a minimalist appearance. Egress Spotlights come as standard with a 3 hour emergency facility with self test and central test options also available.

- Architectural appearance
- 3W with 196lm output
- Instant on - no flicker
- Over 35,000 hours life span
- Remote control gear
