Storm LED Tape

Storm is an IP68 rated self adhesive M3 LED Tape. The tape is available in 5m reel lengths. It has a 900 lm/m output with a power consumption of 13W/m and utiises 2835 60 LED chips p/mtr. Storm is supplied pre assembled up to 5Mts within increments of 100mm. It features low energy consumption with a high lumen output. The tape is flexible for installation indoor and outdoor use. Storm LED tape is available in a 10mm width and to ensure IP68 continuity is fitted with an IP 65 rated connection plug. Other bespoke cable lengths are available on request.

- IP68 rated
- 110° beam angle
- 69 lm/W
- 13 W/m
- 10m max. run length (details on request)
- Not suitable for submerssion into water
- Available 8mm or 10mm Wide

General

Reel Length	5m
Profile	8x5mm or 10x5mm
Cutpoints	100mm
LED Pitch	16.6mm
Max. Single Run	10m
Certification	CE, ROHS
Warranty	5 Years

Performance

IP Rating	IP68
Colour Rendering	Ra>80
Longevity	50,000 hours
Voltage	24V
Power	13.0 W/m
Exit Lumens	900 lm P/Mtr
Efficiency	70 lm/W

Available options

Length	1000mm, 2000mm, 3000mm, 4000mm, 5000mm, Bespoke
Colour Temperature	2700K, 3000K, 4000K, 6000K, RGB, RGBW
Wattage	10W, 15W
Dimming	Fixed Output, 1-10V Dimming, DALI Dimmable, Mains Dimming, Switch Dimming, DMX

Product Code: SRM-TPE
